## The greatest Nuremberg of all times is getting ready

17 février 2021

by Jean-Michel Grau.

Today, a second Nuremberg tribunal is being prepared, with the setting up of a "Class Action" under the aegis of thousands of lawyers worldwide behind the American-German lawyer Reiner Fuellmich who is prosecuting those responsible for the Covid-19 scandal used by the Davos Forum. In this respect, it is worth recalling that Reiner Fuellmich is the lawyer who succeeded in condemning the automobile giant Volkswagen in the case of the tampered catalytic converters. And it is this same lawyer who succeeded in condemning Deutsche Bank as a criminal enterprise.

According to Reiner Fuellmich, all the frauds committed by German companies are trifling compared to the damage that the Covid-19 crisis has caused and continues to cause. The Covid-19 crisis should be renamed the "Covid-19 Scandal" and all those responsible should be prosecuted for civil damages due to manipulations and falsified test protocols. For this reason, an international network of business lawyers will plead **the largest tort case of all time, the Covid-19 fraud scandal**, which has meanwhile turned into **the greatest crime against humanity ever committed**. A Covid-19 commission of enquiry has been set up on the initiative of a group of German lawyers with the aim of bringing an international class action using Anglo-Saxon law.

## **Here is the summarised translation of Dr Fuellmich's last communication of 15/02/2021**

"The hearings of around 100 internationally renowned scientists, doctors, economists and lawyers, which have been conducted by the Berlin Commission of Inquiry into the Covid-19 affair since 10/07/2020, have in the meantime shown with a probability close to certainty that the Covid-19 scandal was at no time a health issue. Rather, it was a matter of concreting the power - illegitimate, because it was obtained by criminal methods - of the corrupt "Davos clique", by transferring the wealth of the people to the members of the Davos clique, destroying, among other things, small and medium-sized enterprises in particular. Platforms such as Amazon, Google, Uber, etc. could thus appropriate their market share and wealth".

### **Status of the Covid-19 Committee investigation**

- a. **Covid-19 as a diversionary tactic** by corporate and political "elites" in order to shift market share and wealth from small and medium enterprises to global platforms such as Amazon, Google, Uber, etc.
- b. Contribution of the Audiovisual Tax to the **reconstruction of a new media landscape that offers truly independent information**
- c. **Securing regional agricultural structures**
- d. **Securing a regional currency** to prevent a new currency from coming "from above" to be allocated in the event of good behaviour.
- e. Psychological considerations of the situation: **how did it come about?**

**Actions for annulment of the approval of a vaccination, filed against the European Commission, trial in New York of the status of PCR tests, German trials, Canadian trials, Australian trials, Austrian trials, trials at the International Court of Justice and the European Court of Human Rights.**

"We have seen what has been confirmed time and time again: the dangerousness of the virus is about the same as that of seasonal flu, regardless of whether it is a new virus (wholly or partially manufactured) or whether we are simply dealing with a flu that has been renamed "Covid-19 pandemic". In the meantime, Drosten's PCR tests can't actually tell us anything about contagious infections. To make matters worse, **the health and economic damage caused by anti-covid measures has been so devastating that we have to speak of a level of destruction that is historically unique**".

**"The fact that health has never been an issue is particularly obvious**, except that injections of genetically experimental substances disguised as "vaccinations" now cause serious damage, **including fatal consequences, on a mass scale**. The world's population has been used as a guinea pig for these experimental gene injections both progressively and extremely rapidly. **In order to plunge the population into panic, dangerous and harmful containment measures (even according to the WHO) of compulsory, unnecessary and dangerous mask wearing and social distancing, unnecessary and counterproductive, have been introduced. The population was thus "ready" for the injections.**

"In the meantime, more and more people, not just lawyers - and rightly so - are demanding, in addition to an **immediate end to these murderous measures, a judicial review by a truly independent international tribunal on the model of the Nuremberg trials.** An example of such a demand and a moving excerpt from a speech by the English physician Dr. Vernon Coleman can be found at the following link: <https://youtu.be/T3DNV7v5i74> [link was removed by youtube, please find Vernon Coleman's channel on [brand new tube](#).]

In addition, an interview with a whistleblower from a Berlin nursing home testifies that out of 31 people vaccinated there, some of them by force, in the presence of Bundeswehr soldiers, and who tested negative before the vaccination, 8 have now died and 11 are subject to serious side effects".1

### **Extraordinary meeting of the Berlin Covid Committee Wednesday 17/02/2021**

"In this context, an extraordinary meeting of the Berlin Covid Committee will take place on Wednesday 17/02/2021, live and with many guests participating via Zoom.

From 14:00 onwards, the state of play will be summarised. In addition, it will be discussed how the contributions from the Audiovisual Licence Fee Tax can be retained and used **for the reconstruction of a new media landscape that truly serves freedom of expression**, and how the contributions already paid for the senseless propaganda of the last 11 months can be recovered through a formal notice.

There will be contributions and discussions on **how food supply can be secured**, in particular by strengthening regional agriculture; but also by creating regional currencies, if necessary with the EU's return to the EEC, on how to ensure that the policy of the "Davos clique", based on printing money from scratch, can be stopped and **a return to stable currencies can be achieved.**

**Above all, experts will explain how it could happen that we find ourselves in this situation of blackmail unimaginable only a year ago.**

In the second part of the session, which will begin at 7 p.m., world-renowned and high-level personalities will comment on the state of current international legal disputes, including the various collective actions, as summarised above. But it will also be discussed how **the main perpetrators, in particular political perpetrators, of the crimes against humanity committed here can and must be held accountable under civil and criminal law in the framework of a new International Court of Justice that will be established in accordance with the guidelines of the Nuremberg trials with international distribution**".

The link to the special session of the Covid Committee announced here will be available on 17/02/2021 via the Committee's website.2

### **Commentary :**

To fully understand what is at stake with this new Nuremberg tribunal to judge the biggest tort case of all time, it is by pulling the thread of Dr. Drosten's lie for falsifying the PCR testing protocol on behalf of the Davos clique, that everything will come to pass: the sponsors of the financial

oligarchy, Klaus Schwab, the great architect of this gigantic hostage-taking, the politicians at the head of the EU, the armed arm of the execution of Drosten's and WHO directives that led all Western governments yesterday to take the devastating decisions of containment, curfews, compulsory mask wearing and social distancing, and today of lethal vaccines for the oldest among us.

**"It is these truths that will bring down the masks of those responsible for the crimes committed. To the politicians who have had faith in these corrupt figures,"** says Dr. Fuellmich, **"the facts presented here are the lifeline that will help them to set the record straight and begin the much-needed scientific debate to avoid going down with these criminal charlatans.**

Then, in the light of this last communication by Dr Fuellmich, two proposals from the extraordinary meeting of the Covid Committee in Berlin are of particular interest:

- Firstly, the way in which the food supply can be secured, which seems somewhat surreal in view of the current situation. If one looks at the schedule for Klaus Schwab's Davos Forum, **this is not the case. He has indeed predicted a break in the food chain from the end of the second half of 2021.**<sup>3</sup>
- Next, **the creation of regional currencies.** Here, it is clear that the Covid Committee of Berlin already anticipates the world stock market crash which is coming and which the financial oligarchy of the Davos Forum intends to take advantage of to set up the European digital currency in the expectation of a world currency to create a Chinese-style social credit on which the middle class of all the peoples ruined by the closure of their businesses, SMI-SMEs, cultural and tourist industries, sports facilities, etc., will become dependent.

These two aspects alone of the hostage-taking 2.0 of which the Western world has been a victim for nearly a year should logically be sufficiently motivating to make us understand definitively that **we are faced with a "populicide" that only asks to crush us if we remain inert, arms dangling without doing anything.**

This is why each of us should do everything we can now to ensure that **this international legal coalition can become operational as soon as possible.** To this end, all those of us who wish to join the collective action of French lawyers to participate in this reconquest of our freedoms should already get in touch with the collective action by 21 February<sup>4</sup>. **Our survival is at this price as well as the future of our children.**
